

Client Discovery Survey

Initial project inquiry and fit assessment

From Idea to Digital Reality.

Project Inquiry

This form helps us understand whether the project is a good fit and what must be clarified before a proposal can be prepared. Brief, direct answers are sufficient.

1. Contact and decision-making

NAME

ORGANIZATION / PROJECT

EMAIL

PRIMARY DECISION-MAKER

2. What is the idea or project?

Describe it in plain language. What are you trying to create?

3. Why does this project need to happen now?

4. What outcome do you want?

What should exist, change, or become possible when the project is complete?

5. Who is the primary audience or user?

6. What do you need help with?

- ☐ Brand direction or visual identity
- ☐ Website strategy and structure
- ☐ Website design
- ☐ Website development and deployment
- ☐ Product clarification or UI/UX design
- ☐ Selected mobile application / MVP development
- ☐ Editorial, book, magazine, or publication design
- ☐ Not sure yet - help defining the right solution

7. What must the final project include?

List required pages, features, formats, platforms, integrations, or deliverables.

8. What already exists?

- ☐ Existing name or brand
- ☐ Logo or visual assets
- ☐ Website or domain
- ☐ Written content
- ☐ Photography, video, or illustrations
- ☐ Product requirements or technical documentation
- ☐ Existing application, codebase, or platform
- ☐ Nothing yet

Relevant links or notes:

9. What visual or experiential direction are you seeking?

Share useful references and explain what you like or dislike about them.

10. Content readiness

Who will provide final text, images, data, product information, and approvals?

11. Timing

PREFERRED START

TARGET COMPLETION OR LAUNCH

Is the deadline fixed? If yes, what creates that constraint?

12. Investment range

What budget range has been approved or is realistically available for this project?

13. Approval process

Who will review the work, and who has final approval?

14. How will success be judged?

What would make this project a successful investment for you?

15. Ongoing needs

- ☐ No ongoing support expected
- ☐ Website or content maintenance
- ☐ Technical support

- ☐ Ongoing design support
- ☐ Future product phases
- ☐ Not sure yet

16. Anything else we should know?
